Other consumer safety information

This appliance is intended for household use only.

WARNING! Shock Hazard: This appliance has a polarized plug (one wide blade) that reduces the risk of electric shock. The plug fits only one way into a polarized outlet. Do not defeat the safety purpose of the plug by modifying the plug in any way or using an adapter. If the plug does not fit, reverse the plug. If it still does not fit, have an electrician replace the outlet.

The length of the cord used on this appliance was selected to reduce the hazards of becoming tangled in or tripping over a longer cord. If a longer cord is necessary, an approved extension cord may be used. The electrical rating of the extension cord must be equal to or greater than the rating of the appliance. Care must be taken to arrange the extension cord so that it will not drape over the countertop or tabletop where it can be pulled on by children or accidentally tripped over.

Autre consigne de sécurité pour le consommateur

Cet appareil est conçu pour une utilisation domestique seulement.

AVERTISSEMENT! Risque d'électrocution: Cet appareil est doté d'une fiche polarisée (lame large) qui réduit le risque d'électrocution. Cette fiche s'insère d'une seule manière dans une prise polarisée. Ne pas transformer le dispositif de sécurité de la fiche en modifiant celle-ci de quelque façon ou en utilisant un adaptateur. Si la fiche refuse de s'insérer, inversez-la. Si elle refuse toujours de s'insérer, faites remplacer la prise par un électricien.

La longueur du cordon installé sur cet appareil a été sélectionnée afin de réduire les risques d'enchevêtrement ou de faux pas causés par un fil trop long. L'utilisation d'une rallonge approuvée est permise, si le cordon est trop court. Les caractéristiques électriques de la rallonge doivent être équivalentes ou supérieures aux caractéristiques de l'appareil. Prendre toutes les précautions nécessaires pour installer la rallonge de manière à ne pas la faire courir sur le comptoir ou sur une table pour éviter qu'un enfant ne tire sur le cordon ou trébuche accidentellement.
